Stock Market Circle Challenge

Circle exactly five of the fifty numbers at right for an opportunity to win. For your donation of \$20, we "invest" precisely \$2,000.00 for you in each corresponding stock after the markets close on Friday, January 8, 2027. (Any entry received after 9:00 a.m. ET on Monday, January 11, must use the AutoCircle option.) If your \$10,000 "portfolio" is worth more than anyone else's on Friday, March 5, 2027, you win! The "investment" is fictitious, but the prizes are real! You will get an email update every week; all calculations are done for you. Get your entry in promptly because, to avoid sharing of prizes, if your five choices match an earlier entry exactly, the computer will randomly change one of your selections. You may duplicate this Certificate and enter as many times as you wish. No Player may claim more than one final prize. (If fewer than 250 Certificates are entered, the final prizes shall be 20%, 10%, 5% and 2.5% respectively, of the receipts.)

Second Prize	\$500.00
Third Prize	\$250.00
